

REMARKS/ARGUMENTS

Reconsideration and withdrawal of the rejections set forth in the Office Action is respectfully requested.

THE PRIOR ART

The Examiner has rejected all pending claims under 35 U.S.C. 102(e) as being anticipated by U.S. Patent No. 6,453,334 (Vinson et al.).

Vinson et al. does not disclose requests for remote streaming software files that include a flag identifying the request as originating from a virtual memory subsystem.

THE PRIOR ART DISTINGUISHED

The claims include language directed to a request that is identifiable as originating from a virtual memory. Only trusted processes have access to remotely streamed file resources. Requests that are identifiable as originating from a virtual memory are treated as trusted processes.

Advantageously, this prevents even a rogue remote process from attempting to pirate its own code, while allowing legitimate requests for the code to be completed.

Support for the claim amendments is found in FIG. 44 and in the corresponding text of the specification, e.g., on page 91, lines 1-10.

INTERVIEW SUMMARY

The applicants thank the Examiner for the brief telephonic interview granted October 29, 2007, where it was agreed to discuss the matter further upon preparation of a draft Office Action response, and for the follow up interview during which the Examiner

indicated additional searching may be required following the amendments, since the cited prior art does not appear to include the language of the amended claims.

CONCLUSION

In view of the foregoing, Applicants submit that all the claims pending in the application patentably define over the prior art. The Applicants respectfully requests the Examiner withdraw rejections of all claims. A Notice of Allowance is respectfully requested.

The applicants note that, due to the nature of the amendments, the applicants believe the Examiner should not need to perform any additional search. Accordingly, the applicants respectfully request that the amendments be entered.

If extra fees are due, please charge our Deposit Account No. 50-2207 from which the undersigned is authorized to draw.

If in the opinion of the Examiner, a telephone conference would expedite the prosecution of the subject application, the Examiner is encouraged to call the undersigned at (650) 838-4305.

Respectfully submitted,

Dated: December 3, 2007
